ABOUT PRO-JECT AUDIO SYSTEMS AND BOX DESIGN

Pro-Ject Audio Systems was founded by Heinz Lichtenegger 1990 in Vienna, with the idea that analogue playback is the most cost-effective way to listen to music of audiophile quality.

Inspired by the concept of supporting analogue in the face of the digital onslaught, Pro-Ject Audio Systems became one of the most powerful driving forces in reinventing analogue turntables for the hi-fi market. Today, Pro-Ject Audio Systems is the world leader in the manufacture of quality hi-fi turntables, as turntables are once again accepted as a must-have for every concerned music lover. Pro-Ject products are exported to almost 80 countries worldwide and is the recipient of nearly every award in the audio industry.

BY PRO-JECT AUDIO SYSTEMS

Since 2006, PRO-JECT Audio has been bringing its "less is more" mission to the digital world. Inspired by the new possibilities of the iPod and high-quality music reproduction from a PC or laptop, Pro-Ject Audio Systems has designed a complete new and revolutionary range of MICRO HIGH-END Hi-fi components under the family name BOX DESIGN. Starting with the smallest audiophile amp in the world, with open and euphonic sound, Pro-Ject Audio now produces all of the components of traditional hi-fi systems including CD players, tuners, phono amps, headphone amps and switching modules, as well as digital products such as docking stations, D/A converters and streamers to connect with the PC wired or wireless.

BOX DESIGN regards itself as the 'next generation of hi-fi' – the link between the micro-sized hardware of the IT world and the big boxes of the audiophile world. All products, except for speakers and headphones, are designed and produced in Europe.

PRO-JECT: Simple-to-use, high quality sound, astonishing value, long-term stability and good service.

USB BOX

SRP € 99,00

D/A converter with USB input for PC audio

- High quality D/A conversion with USB
- Compatible with Windows®, MacOS®
- Automatic detection without the need for additional software, when used with conventional computer systems
- Powered via USB
- SMD technology for shortest signal paths
- Gold-plated RCA sockets
- Output stage with ultra-low impedance
- Available in black and silver

CD BOX

SRP € 199,00

Ultra-compact audio CD player

- 16bit/44.1kHz CD Audio playback
- CD, CD-R, CD-RW, Hybrid SACD playback
- Robust and reliable all-metal CD transport
- Slot-in mechanism
- Servo board optimised for 1:1 playback of CDs
- Direct I²S digital-interface to DAC
- DAC from Texas Instruments (Burr-Brown)
- External power supply included
- Remote control with volume level adjustment of project amplifiers
- Available in black and silver

RECORD BOX USB

SRP € 89,00

MM Phono Pre-amplifier with A/D converter and USB output.

- Metal case shields the electronics from vibrational and electromagnetic interference
- Optimal channel separation through dual-mono circuitry
- Special low-noise ICs used
- Gold plated RCA connection sockets
- Outboard power supply included
- Digitalisation of analogue signals for recording direct to disk via USB with suitable recording programs
- Automatic recognition, without additional driver, by standard PC
- Runs on Windows® and Mac OS® operating systems
- Small size allows installation close to record player

PHONO BOX MM

SRP € 59,00

MM Phono Pre-amplifier

- Metal case shields the electronics from vibrational and electromagnetic interference
- Special low-noise ICs used
- Optimal channel separation through dual-mono circuitry
- Gold plated RCA connection sockets
- Outboard power supply included
- Amplification and RIAA equalisation for MM cartridges
- Small size allows installation close to record player

PHONO BOX

SRP € 99,00

MM/MC Phono preamp with line output

- Preamplifier for MM or MC with switch on rear panel
- Best buy classic
- "green" DC power supply (< 1 watt standby power)
- Precise RIAA equalisation
- Low noise ICs
- Output stage with ultra-low impedance
- Gold-plated RCA sockets
- Small size for installation near record player
- Available in black and silver

PHONO BOX USB

SRP € 139,00

MM/MC Phono preamp with line & USB outputs

- Preamplifier for MM or MC with switch on rear panel
- "green" DC power supply (< 1 watt standby power)
- Precise RIAA equalisation
- High quality A/D conversion with USB out to PC/Mac
- Compatible with Windows®, MacOS®
- SMD technology for shortest signal paths
- Gold-plated RCA sockets
- Output stage with ultra-low impedance
- Available in black and silver

PHONO BOX USB V

SRP € 159,00

MM/MC Phono/line preamp with line & USB outputs

- Preamplifier for MM or MC with switch on rear panel
- "green" DC power supply (< 1 watt standby power)
- Precise RIAA equalisation
- Phono/line selector on front
- Record level adjustment
- High quality A/D conversion with USB out to PC/Mac
- Compatible with Windows®, MacOS®
- SMD technology for shortest signal paths
- Output stage with ultra-low impedance
- Available in black and silver

PRE BOX S

SRP € 249,00

Stereo Line preamplifier

- "S" design faceplate • Advanced circuitry with premium components • Neutral sound with superior low noise floor • 2 Stereo Line-in & Pre-out • Motorised volume control • SMD for short signal paths • Low output impedance for low loss with long cables • Gold-plated connections • Remote control for on/off, input select, volume • Trigger outputs for Amp Box and Switch Box • Metal casing protects against vibration and interference • Available in black and silver

AMP BOX S

SRP € 249,00

Stereo power amplifier

- Ultra compact • Advanced amplifier module • More power and further improved performance • Stereo input (RCA) • Gold plated speaker sockets • Suitable for Banana/Spade/Pin/bare wire • Trigger input • Trigger output for further Amp Box S • Metal casing protects against vibration and interference • On/Off front-sided • Faceplate silver or black

AMP BOX S MONO

SRP € 249,00

Mono power amplifier

- Ultra compact • Advanced amplifier modules • 2 ohms drive capability • More power and further improved performance • Mono input with loop-out (RCA) • Gold-plated speaker sockets • Suitable for Banana/Spade/Pin/bare wire • Trigger input with output for further Amp Box Mono S • Metal casing protects against vibration and interference • On/Off switch front-sided • Faceplate silver or black

STEREO BOX S

SRP € 259,00

Stereo integrated amplifier

- High End integrated amplifier with 2 line inputs • 2x 30 watts @ 4 ohms • Gold plated connectors for line (RCA) & speakers • IR remote control for volume, input, power • Record out with fixed level, can be used for Head Box and other • Full metal casework • 3mm aluminium faceplate in new "S" design • 2 different faceplate colours, black or silver

HEAD BOX S

SRP € 119,00

Headphone amplifier

- Audiophile headphone amplifier • 6,3mm jack input on front • Suitable for headphones with low or high impedance • Full metal housing protects against interference • RCA stereo input • RCA stereo loop-out • Significantly better sound than standard headphone outputs from integrated amplifiers • Best-buy award winner • On/Off switch on front • Faceplates in silver or black

RECEIVER BOX S

SRP € 349,00

Ultra compact integrated stereo amp including FM tuner

- Smallest High-End receiver on the market • 2x 30W @ 4 ohms / 2x 25W @ 8 ohms • 2 stereo line inputs • Improved FM tuner with higher sensitivity • 99 presets and auto store and search function • High-resolution dot-matrix display (blue) • Indication of signal strength, precise centre of station, stereo/mono reception • Easy control via IR remote or 3 buttons on faceplate • Metal casing protects against vibration and interference • Faceplate silver or black

SWITCH BOX S

SRP € 119,00

Input expansion for amplifiers/preamplifiers

• 4 inputs • 2 line outputs for separate usage • Suitable for amplifiers (Pro-Ject Audio or other brands) • three-input expansion for Pre Box S • Ultra-low crosstalk • Automatic synchronisation with trigger cable of Pre Box S • Solid cabinet protects against vibration and interference • Faceplate silver or black

DAC BOX S FL

SRP € 199,00

Filterless non-oversampling digital to analogue converter

• Audiophile 16bit linear D/A-conversion • Non-Oversampling • Without digital filter • 4 x TDA1543 parallel operation mode • "Analogue" full bodied sound • Input selector on front • New stylish S-design • Faceplate in silver or black

DAC BOX S USB

SRP € 159,00

Digital to analogue converter with line & USB outputs

• Audiophile 24bit/96kHz D/A-conversion • Precision D/A chip from Texas Instruments • 8 times oversampling • 3 Inputs; 1x USB, 1x optical (Toslink), 1 x coax (SPDIF) • Gold-plated RCA line level output sockets • To take full advantage of the DAC Box USB features, please install software package (see manual, website) • Input selector on front • New stylish S-design • Faceplate in silver or black

USB BOX S

SRP € 99,00

D/A converter with USB input for PC audio

• High quality D/A conversion with USB • Compatible with Windows®, MacOS® • Automatic detection without the need of additional software, when used with conventional computer systems • Powered via USB • SMD technology for shortest signal paths • Faceplate in new "S" design • Gold-plated RCA sockets • Output stage with ultra-low impedance • Available in black and silver

DOCK BOX S DIGITAL

SRP € 199,00

Highend Apple-Dock with internal D/A conversion

• Pure digital audio transmission • 24bit/192kHz D/A converter • Additional SPDIF output (RCA) • APPLE certified • Audio playback from iPod, iPhone, iPad • iPod/iPhone/iPad charging capability • S-Video output • Power switch on faceplate (also switches charging) • Power button on remote (= standby with charging) • Full-functional IR remote with volume control • Faceplate silver or black

DOCK BOX S FI

SRP € 149,00

Audiophile docking station

• Compatible with all current models: iPod, iPhone, iPad • **Fi version with constant volume level** - ideal when combined with existing hifi audio system • Perfect signal transfer from 30-pin analogue-out • Full metal housing prevents interference • RCA stereo output • S-video output for on-screen monitoring • USB port for data transfer from PC/Mac • On/Off switch on front • Remote control included • Faceplate silver or black

MEDIA BOX S

SRP € 259,00

Digital audio player

• Easy to use high quality audio reproduction from SD cards, USB sticks and USB hard drives • “Plug and Play” without PC or Mac • New wall plug power supply also gives power to USB hard drives • High contrast 1,0” LCD display • Album/Title/Playlist read-out from display • Random/Shuffle Play • IR remote • Excellent sound quality from digitally stored media • High quality DA-conversion on board • Digital coax out (RCA) for usage with even better DACs • Extremely low jitter • Massive metal casework • Perfect to be combined with other Box Design components

TUNER BOX S

SRP € 159,00

Micro-sized FM-Tuner

• Micro-sized FM-Tuner • 99 presets • Manual or automatic tuning • Adaptive noise reduction • High-contrast dot-matrix display • Display of frequency, preset number, centre of station, Stereo or Mono reception, signal strength, etc. • Trigger switching (on/off) • Full function IR remote control • Full metal casework • faceplate silver or black

CD BOX S

SRP € 349,00

Ultra compact CD player

• Smallest Hifi CD player on the market • 24bit/96kHz DAC for precise playback of Audio-CDs • Coaxial S/PDIF digital output • Robust and reliable all-metal CD transport • Slot-in mechanism • Servo board optimized for 1:1 playback of CDs • Direct I²S digital-interface to DAC • Remote control with volume level adjustment of Pro-Ject amplifiers • Metal casing protects against vibration and interference • Faceplate silver or black

PHONO BOX S

SRP € 149,00

“Best Buy” MM/MC phono preamplifier

• Audiophile Performance • Dual mono configuration • Audiophile-grade amplification modules • Audiophile-grade polypropylene WIMA capacitors • Precise RIAA equalisation • Switchable Subsonic filter -12dB @ 20Hz • Switchable input impedance/capacitance • 4 adjustable gain levels • Outstanding sound quality • Faceplate silver or black

TUBE BOX S

SRP € 349,00

MM/MC phono preamplifier with tube output stage

• Audiophile Performance • Audiophile-grade ECC83 (12AX7) • Dual mono configuration • Audiophile-grade polypropylene WIMA capacitors • Precise RIAA equalisation • Switchable input impedance/capacitance • 3 adjustable gain levels • Subsonic filter • Outstanding sound quality • Faceplate silver or black

SPEED BOX S

SRP € 99,00

Electronic motor control and speed change

• Quartz-generated high precision electronic speed regulation with microprocessor control • Sound improvement through motor running smoothness • Clean power decoupled from mains interference • Allows electronic speed change 33 & 45 rpm • 78 rpm possible with optional accessory pulley • Suitable for all turntables with 16 volt AC motor, up to 3 watt max. power consumption • Metal case shields electronics from vibration and electromagnetic interference • Small size allows installation close to record player • Outboard power supply included • Available in silver or black finish

PRE BOX DS

SRP € 359,00

Stereo Line preamplifier

- Improved circuitry with even less noise
- Volume control through relays (64 steps, 1 dB)
- 4 line level inputs
- Relays switching of inputs
- 1x Pre-Out, 1x Subwoofer-Out, 1x Record-Out
- Extremely low output impedance for low loss with long cables
- IR remote control
- Trigger switching of power amplifiers
- Big elegant control display
- Metal casing protects against vibration and interference
- Available in black and silver

AMP BOX DS

SRP € 399,00

Stereo power amplifier

- Improved PWM-circuitry (Pulse Wave Modulation)
- Improved signal spectrum and lower distortion
- 2 ohms drive capability
- High efficiency from mains to audio power (92%)
- Low heat emission
- Stereo line level input (RCA)
- Gold-plated 5-way speaker binding posts
- Suitable for banana/spade/pin/bare wire
- Trigger input & loop out
- Metal casing protects against vibration and interference
- Available in black or silver

AMP BOX DS MONO

SRP € 379,00

Mono power amplifier

- Improved PWM-circuitry (Pulse Wave Modulation)
- Improved signal spectrum and lower distortion
- 2 ohms drive capability
- High efficiency from mains to audio power (92%)
- SMD design for shortest signal path
- Low heat emission
- Line level input & loop-out (RCA)
- Gold-plated 5-way speaker binding posts
- Suitable for banana/spade/pin/bare wire
- Trigger input & loop out
- Metal casing protects against vibration and interference
- Available in black or silver

STEREO BOX DS

SRP € 399,00

Stereo integrated amplifier

- Dual mono design
- 2 power modules for each channel
- 2 ohms drive capability
- 4 stereo line inputs (RCA)
- Digital input: USB
- Big elegant control display
- Similar sound to Stereo Box S with higher power output
- Metal case shields the electronics from vibrational and electromagnetic interference
- Faceplate silver or black

HEAD BOX DS

SRP € 349,00

D/A converter & headphone amplifier

- Audiophile grade headphone amp & 24bit D/A conversion
- 3 digital inputs: Asynchronous USB 2.0, S/PDIF, Toslink
- Special USB-2.0 driver für 24/192 (24/96 with USB1.1)
- Ultra low-noise semiconductors from Burr-Brown
- SMD technology for short signal paths
- Analogue output (RCA) for use as D/A converter
- Analogue input (RCA)
- Headphone socket (6,3mm jack plug)
- Outboard power supply included
- Metal case shields the electronics from vibrational and electromagnetic interference
- Faceplate silver or black

DAC BOX DS

SRP € 399,00

High-End Digital/Analogue Converter with USB 2.0

- Top grade PCM-1792 D/A chip from Texas Instruments
- 3 Inputs: 1x USB, 1x optical (Toslink), 1x coax (S/PDIF)
- 24bit/192kHz asynchronous USB streaming
- 8 times oversampling
- 2 selectable filter settings
- Ultra linear circuitry
- Extremely low impedance output stage
- Gold-plated RCA line level output sockets
- New stylish DS-design
- Faceplate silver or black

STREAM BOX DS

SRP € 699,00

Highend audio with Wi-Fi, LAN, USB sources

• Audiophile grade 24bit/192 kHz highend audio streaming client • Ethernet & WLAN • Meets the Standards UPnP & DLNA 1.0/1.5 • USB input for flash memory and hard disk drives • USB input for Apple devices using digital out • Internet radio with automatic detection of local stations • "Gapless" playback for all formats • Luxury 3,5" TFT colour display that shows album cover art • Solid metal casework protects sensible electronics from vibration and RF interference • "DS" design with classy 3mm aluminium faceplate, rectangular edges and no visible screws • Gold plated RCA connectors • Wall-plug power supply (included) • Control via IR remote (included) or **Plug-Player, SongBook, Chorus DS, etc.** • Internet radio platform: vTuner built-in • Using streaming services, like **Spotify, Deezer, Grooveshark, Simfy, etc.** with Jamcast software • Direct streaming from portable devices using **iMediaShare** • **AIFF & AAC cover art** supported • Additional menu languages (Portuguese, Spanish, Russian, Italian, Chinese, French, Dutch)

STREAM BOX DS NET

SRP € 799,00

24bit/192kHz Highend audio with Wi-Fi, LAN, USB with control App for iOS & Android smartphones

Same features as AWARD WINNING audiophile grade highend audio streaming client Stream Box DS, but additionally:

- + ALAC playback & cover art support
- + NetAPI implemented, a unique & proprietary development, that allows use of
→ **Free Box Control APP**, for **ultra-fast access** of your favourite music via smartphone
- **Unique prospective features**, that will only be possible through NetAPI platform
- **Remote Box** will enable your smartphone to act as universal IR remote, pre-programmed for all Box Design components & suitable for 3rd party devices

(Upgrade your Stream Box DS to Stream Box DS net, total retail cost only € 100,00)

STREAM BOX DS+

SRP € 1.099,00

24bit/192kHz Highend audio with Wi-Fi, LAN, USB sources

Same features as audiophile Highend streamer Stream Box DS net but additionally:

- + Fixed & variable analogue audio outputs (RCA) + Volume control using IR remote, front buttons, App
 - + 2x analogue inputs (RCA)
 - + 2x digital inputs (coax & optical Toslink input)
 - + Top-grade Highend PCM 1796 DAC + ALAC & AIFF support
 - + Search functionality fast forward and back
 - + Alphanumeric search
 - + 9 Display languages
 - + Wifi 802.11/b/g/n allowing real 24/192 with Wifi
-

STREAM BOX DSA

SRP € 1.299,00

All-in-one 24bit/192kHz Highend solution

Same features as audiophile Highend streamer Stream Box DS+ but additionally:

- + Built-in audiophile amplifier 2x 60 watts (4 ohms)
-

CD BOX DS

SRP € 499,00

High-End Audio CD player

• 24bit/192kHz Burr Brown DAC (PCM1796) • 4-layer suspended CD drive • Excellent only-CD transport • "Blue Tiger" servo board for 1:1 CD playback • Luxurious slot-in mechanism • DC power supply (< 1 watt standby power consumption) • Massive 3mm aluminium faceplate • High contrast dot-matrix display • IR remote control with volume level adjustment of Pro-Ject amplifiers • Solid cabinet protects against vibration and interference • Faceplate silver or black

PHONO BOX DS

SRP € 249,00

Phono preamplifier

• MM & MC capable • Linear RIAA equalisation • Ultimate circuit technology from Dr. Sykora, simplified version of Phono Box DS+ without display & relays switching • Ultra low noise & low distortion levels • SMD circuitry • Subsonic filter (switchable on rear panel) • Substantial setup options • Comfortable switching via buttons on front • Metal casing protects against vibration and interference • Faceplate silver or black

PHONO BOX DS +

SRP € 399,00

Phono preamplifier

• MM & MC capable • Linear RIAA equalisation • Ultimate circuit technology from Dr. Sykora • Ultra low noise & low distortion levels • Double mono SMD circuitry • Low loss polypropylene capacitors • Substantial setup options • Classy & elegant display shows setup parameters • Relay switching • Metal casing protects against vibration and interference • Faceplate silver or black

TUBE BOX DS

SRP € 499,00

MM/MC tube phono preamplifier

• MM & MC support • Precise RIAA equalisation • Ultra low noise circuitry • ECC 83 tube output stage • Input impedance adjustment for low output MC on front • Input capacitance adjustment in 4 steps (MM & Hi-output MC) • Switchable subsonic filter • Gold plated RCA sockets • Metal casing protects against vibration and interference • Front-sided On/Off switch • Faceplate silver or black

PRE BOX RS

SRP € 799,00

High-end stereo line tube-preamplifier

• Fully balanced double mono design • Ultra-linear and ultra low noise • pure Class A circuitry • Input switching via relays • low ESR capacitors • blue Alps volume control • 3 XLR & 3 RCA inputs • 1 Pre-out XLR & 1 Record-out RCA • standby-power consumption < 1W • IR remote control included • metal casing protects against vibration and interference • available in black and silver • **Optional Upgrade:** Linear power supply **Power Box RS Universal** for further improved sound quality

AMP BOX RS

SRP € 899,00

Highend Stereo power amplifier

• Fully balanced double mono design (Pulse Wave Modulation) • Highly efficient conversion from mains to output power (92%) • 2 ohms drive capability • Tube buffer stage with reference quality • SMD construction for shortest signal paths • Low heat emission • Line level preamp inputs (RCA & XLR) • Top-quality speaker terminals • Luxury metal casing protects against vibration and interference • Available in silver or black • **Optional Upgrade:** Linear power supply **Power Box RS Amp** for higher power output and further improved sound quality

STREAM BOX RS

SRP € 1.499,00

24bit/192kHz Highend audio with Wi-Fi, LAN, USB with free Box Control Apps for iOS & Android devices

Same features as audiophile Highend streamer Stream Box DS net but **additionally:**

- + XLR output
- + Volume control via analogue Alps potentiometer
- + Fully balanced double mono triode tube Output stage (ECC 6922)
- + 1x digital coax input
- + 1x digital optic input
- + Top of the line highend PCM 1792A DAC
- + ALAC & AIFF support
- + Search functionality fast forward and back
- + Alphanumeric Search
- + 9 display languages
- + Wifi 802.11/b/g/n allows real 24/192 with Wifi
- + Superlative rigid luxury aluminium cabinet

PHONO BOX RS

SRP € 799,00

Highend phono preamplifier

• MM & MC capable • Fully balanced double mono design • Fully passive RIAA & DECCA equalisation • Unique continuously variable input impedance loading, matches every cartridge (adjustment even while playing) • RCA & XLR In & Out • Superior low noise / low distortion • Classy & elegant dip switches • Metal casing protects against vibration and interference • Faceplate silver or black • **Optional Upgrade:** Linear power supply **Power Box RS Phono** for further improved sound quality

HEAR IT ONE

SRP € 99,90

Audiophile stereo headphone

• smart & comfortable • Classic design • Adjustable leather-coated headband • Soft leather ear cushions (memory foam) • Textile coated cable made from oxygen-free copper (HP-OFC) • Gold plated 3,5mm jack plug • High gloss & metal finish

HEAR IT TWO

SRP € 59,90

Trendy headphone for iPod & Co

• super loud – super light – super cool • more SPL with iPod & Co (107dB) • Lightweight design (77 g) • adjustable ear-cushion position • flat transport possible • long lasting comfort • 3,5mm jack plug • 3 colour options: red, white, black

SPEAKER BOX 4

SRP € 199,00

2-way monitor speaker

• 2-way sealed box, for clear bass • 100mm bass/midrange (aluminium die-cast) • 25mm silk-dome tweeter • High-quality crossover (second order) • Anti-vibration sealant • Magnetic screening • Gold-plated 5-way binding posts • Impedance: 4 ohms > suitable for amplifiers from 4 – 8 ohms • Power handling : > best for amplifiers 10 - 100 Watt RMS • High-gloss piano-lacquer finish: white, red, black • Magnetically attached speaker-grille • Wall-mount included • Ideal for combination with Box-Design components • Dimensions 140 x 228 x 150mm without grille (WxHxD) 140 x 228 x 160mm with grille • Weight 2.55 kg each

SPEAKER BOX 5

SRP € 249,00

Compact 2-way monitor speaker

• Audiophile bass-reflex design • Glossy lacquer finish in 3 colours • Recommended amplifier power 10 to 150 watts • Magnetically shielded • Front cover with magnetic attachment • Frequency response 55Hz - 20kHz • Gold-plated speaker terminal (single-wired) • Simple Wall-mount included • Speaker-Box Wall Bracket available as an option

SB Stand 70

SRP € 199,00

Audiophile speaker stand

• Ideal for Speaker Box 4 and 5 • Low resonance design • Metal/wood composite material • Cable break-through within pillar • Heavy construction with 6mm steel base • Adjustable spikes, mountable in base • Upper platform 140 x 150mm (WxD) • Overall height 725mm • High gloss piano lacquer black or white • Packed in pairs

Grilles SB-4 & Grilles SB-5

Grilles SB-4 SRP € 30,00

Grilles SB-5 SRP € 36,00

Loudspeaker front cover

Acoustic transparent loudspeaker front cover • Fabric front with wood-frame and magnet holder • Exclusive Colour-Design • Suitable for Pro-Ject Speaker-Box: - Grilles SB-4 for Speaker-Box-4 - Grilles SB-5 for Speaker-Box-5 • Suitable accessories for Speaker-Box **white**

WB-SB-4/5

SRP € 39,00

Speaker wall mount

• available in black and white • suitable for Speaker Box 4 and Speaker Box 5 • a pair

Control It

SRP € 29,90

All-in-one IR remote for Box Design

• Manage all components with a single remote: Pre-amplifiers, integrated amplifiers, receiver, FM-tuner, docking stations, CD-players, Stream Box DS, Media Box S • Pre-programmed - no setup necessary • Simple and easy to use • Widespread IR emission up to 135° • Rugged design

Set „Micro-Hifi-System“ with original rack Design Box 4iP

Set "Micro-Hifi-System"

SRP € 1.099,00

• Complete micro-sized stereo audio-system • Audiophile grade components: → iPod/Pad/Phone docking station → Slim-line CD player → Receiver (FM tuner & amplifier) → 2-way bookshelf speakers • Faceplate of components in silver or black • Speakers available in red, white or black • System remote control included • Instead of Design Box 4iP: alternative rack "the butler 2.2" is also available (upcharge)

Set „iPod® goes Hifi“ with original rack Design Box 2iP

Set "iPod® Goes Hifi"

SRP € 599,00

• Micro-sized stereo Hifi-system with Apple docking station • Audiophile Dock Box S Fi with fixed audio output level • 30-pin connection for iPod, iPhone, iPad • Audiophile Integrated Stereo amplifier with additional analogue input (use with FM-tuner, CD, etc.) • IR control for both components • Audiophile grade compact speakers • High quality interconnects and speaker cables included • Faceplate of components available in silver or black • Speakers available in red, white or black • Instead of Design Box 2iP: alternative rack "the butler 2.1" is also available (upcharge)

Set „iPod® goes digital“ with original rack Design Box 2iP

Set "iPod® Goes Digital"

SRP € 699,00

• Micro-sized stereo Hifi-system with Apple docking station • Audiophile Dock Box S digital provides 2 outputs (RCA) * Analogue * S/PDIF (use with external D/A converters) • Pure digital output from iPod, iPhone, iPad • Audiophile Integrated Stereo amplifier with additional analogue input (use with FM-tuner, CD, ...) • Audiophile grade compact speakers • Highend interconnects and speaker cables included • Faceplate of components available in silver or black • Speakers available in red, white or black • Instead of Design Box 2iP: alternative rack "the butler 2.1" is also available (upcharge)

Set „Medioplayer“ with optional rack the butler 2.1

Set "Medioplayer"

SRP € 750,00

• Micro-sized stereo Hifi-system for digital music playback • MP3, WMA, AAC music with no need for PC, Mac • 2 digital inputs on Media Box S - USB 2.0 Hi-speed (hard disk drive or stick) - SD (Secure Digital up to 32Gb) • 1 additional analogue input (use with FM-tuner, CD, ...) • Audiophile grade amplification • Audiophile grade compact speakers • Faceplate of components in silver or black • Speakers available in red, white or black • Instead of Design Box 2: alternative rack "the butler 2.1" is also available (upcharge)

Set „Hifi-Airplay“ with optional rack the butler 2.1

Set "Hifi-Airplay"

SRP € 850,00

• Micro-sized stereo Hifi-system with "Airplay"-ability • Wireless playback of digital music from PC, Mac, iPhone • 2 additional digital inputs on DAC Box S USB - USB (PC or Mac connection) - SPDIF RCA-coax (use with satellite radio, etc.) • 1 additional analogue input (use with FM-tuner, CD, etc.) • Audiophile grade amplification and speakers • Faceplate of components in silver or black • Speakers available in red, white or black • Instead of Design Box 2iP: alternative rack "the butler 2.1" is also available (upcharge)

Design Box Acryl 2

SRP € 69,00

Stylish frame system for components from Pro-Ject Box Design range

• New Clicking System • PET clips position and secure components • High gloss finish • Classy - suits all living room styles and furniture • Design frame fits 2 Box Design S (Slim-Line) components or 1 Box Design SE component

Design Box Acryl 2 iP

SRP € 75,00

Stylish frame system for components from Pro-Ject Box Design range

• New Clicking System • PET clips position and secure components • High gloss finish • Classy - suits all living room styles and furniture • Design frame fits 2 Box Design S (Slim-Line) components or 1 Box Design SE component • System frame **with cutout for iPod®, iPhone®** holds 1 Dock Box S + 1 additional Box Design S (Slim-Line) component

Design Box Acryl 4

SRP € 79,00

Stylish frame system for components from Pro-Ject Box Design range

• New Clicking System • PET clips position and secure components • High gloss finish • Classy - suits all living room styles and furniture • Design frame fits 2 Box Design S (Slim-Line) components or 1 Box Design SE component • System frame fits a) 4 Box Design S (Slim-Line) components b) CD Box SE c) Stream Box DS d) CD Box + 2 Box Design S (Slim-Line) components e) 2 Box Design SE components f) 1 Box Design SE component + 2 Box Design S (Slim-Line) components

Design Box Acryl 4 iP

SRP € 85,00

Stylish frame system for components from Pro-Ject Box Design range
